The Auxiliary of Sansum Clinic was formed in June 1985 as part of the continuing Guest Relations Program. The primary purpose of the Auxiliary is to provide service to help patients feel more comfortable and secure during their visits and to welcome visitors to all the sites of the Clinic.

Auxiliary members serve as hosts and hostesses at special events, i.e., annual luncheon, afternoon tea for new members, and celebration of Doctors and Nurses Day.

The members also conduct occasional fund drives to raise money for the annual nursing scholarships and other clinic needs, such as book fairs and bake sales.

Other activities include collection of eyeglasses for the Direct Relief Program, providing new wheelchairs for the patients, toys for the Pediatrics Department and emergency equipment for needed departments.

Volunteers Provide the Following Services

- Help with directions to doctors' offices and various departments
- Assist patients to appointment locations, as needed
- Provide tours for visitors
- Oversee the reading materials in waiting areas
- Provide clerical support for special projects
- Maintain Auxiliary Office duties

As an Auxiliary member, you will receive a monthly newsletter and participate in monthly educational meetings by the clinical staff on wellness programs, local and national research programs, and learn about new state-of-the-art equipment.

Becoming an Auxiliary member is an opportunity to help others and share some of your flexible time in a variety of services.

Accept our invitation to join the men and women of the Sansum Auxiliary.

Annual active membership is \$10.00 or help support the program as a sustaining member at \$25.00.
