

Good Faith Estimate

You have the right to receive a “**Good Faith Estimate**” explaining how much your health care will cost.

Under the law, health care providers need to **give patients who don’t have insurance or who are not using insurance an estimate of the bill** for medical items and services before those items or services are provided.

- ✓ You have the right to receive a **Good Faith Estimate** for the total expected cost of any health care items or services upon request or when scheduling such items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.
- ✓ If you schedule a health care item or service at least 3 business days in advance, make sure Sansum Clinic gives you a Good Faith Estimate in writing within 1 business day after scheduling. If you schedule a health care item or service at least 10 business days in advance, make sure Sansum Clinic gives you a **Good Faith Estimate** in writing within 3 business days after scheduling. You can also ask Sansum Clinic for a **Good Faith Estimate** before you schedule an item or service. If you do, make sure Sansum Clinic gives you a **Good Faith Estimate** in writing within 3 business days after you ask.
- ✓ If you receive a bill that is **at least \$400 more** for any provider or facility than your **Good Faith Estimate** from Sansum Clinic, you can dispute the bill.

For questions or more information about your right to a Good Faith Estimate, visit www.cms.gov/nosurprises/consumers, email FederalIPPDRQuestions@cms.hhs.gov, or call 1-800-985-3059.
